

The following are Open Source Deliverables \*:

1. Linux Kernel and BSP, including drivers
2. Uboot
3. Generic Linux Adaptation Layer and supporting libraries
4. OpenMax IL
5. OpenVG API
6. OpenGL ES API
7. EGL Framework
8. WPA Supplicant
9. GNU toolchain and associated utilities, libraries, compiler and debugger
10. Android Adaptation Layer

The Open Source Deliverables are provided to Licensee under the terms of the Open Source licenses described below. Copyright notices and license terms are also contained within such software and its documentation. The type of license under which each component is licensed is identified in the software notices.

a. The GPL Deliverables are provided to Licensee under the terms of the GNU General Public License version 2 (the "GPL"), and any use of such GPL Deliverables shall comply with the terms and conditions of the GPL. A copy of the GPL is available at <http://www.gnu.org/licenses/old-licenses/gpl-2.0.html>

b. The LGPL Deliverables are provided to Licensee under the terms of the GNU Lesser General Public License (the "LGPL") and any use of such LGPL Deliverables shall comply with the terms and conditions of the LGPL. The LGPL allows for integration of libraries with closed source proprietary software by means of dynamic linking without requiring the disclosure of the source code for software linked to the libraries. Licensee is required, however, to make the LGPL'd libraries/software and derivative works thereof available under either an LGPL or GPL license. A copy of the LGPL is available at <http://www.gnu.org/licenses/old-licenses/lgpl-2.1.html>

c. The Linux Kernel Deliverables are provided to Licensee under the terms of the Linux Kernel General Public License version 2 (the "GPL"), and any use of such Linux Kernel Deliverables shall comply with the terms and conditions of the Linux Kernel GPL. A copy of the Linux Kernel GPL is available at <http://www.kernel.org/pub/linux/kernel/COPYING>

d. The BSD Deliverables are provided to Licensee under the terms of the BSD license, which supplement the terms and conditions set forth in the body of the Agreement: A description of BSD license terms is accessible at <http://www.openbsd.org/policy.html>

e. The WPA Supplicant is Copyright (c) 2003-2008, Jouni Malinen <j@w1.fi> and contributors. All Rights Reserved. This program is dual-licensed under both the GPL version 2 and BSD license. Either license may be used at your option. [http://hostap.epitest.fi/gitweb/gitweb.cgi?p=hostap.git;a=blob\\_plain;f=wpa\\_supplicant/README](http://hostap.epitest.fi/gitweb/gitweb.cgi?p=hostap.git;a=blob_plain;f=wpa_supplicant/README)

f. OpenVG API is provided by The Khronos Group Inc. "AS IS" under terms included in the notice which can be accessed at <http://www.khronos.org/registry/vg/api/1.1/opencv.h>

g. OpenMAX API is provided by The Khronos Group Inc. "AS IS" under terms included in the notice which can be accessed at [http://www.khronos.org/openmax/sample\\_implementation/OMX\\_CONF\\_MyComponent\\_Alt.c](http://www.khronos.org/openmax/sample_implementation/OMX_CONF_MyComponent_Alt.c)

h. OpenGL ES API is provided by The Khronos Group Inc. "AS IS" under terms included in the notice which can be accessed at <http://www.khronos.org/opengles>

i. EGL Framework is freeware provided by The Khronos Group Inc. "AS IS" under terms included in the notice which can be accessed at <http://www.khronos.org/opengles>

j. The Android operating system is licensed under the Apache License, Version 2.0. A copy of the license may be found at <http://www.apache.org/licenses/LICENSE-2.0>The Android Adaptation Layer provided by Marvell also includes components that are subject to other open source licenses such as Mozilla Public License, BSD, BSD-style, LGPL and GPL.
